A QUICK WORD TO MY SPONSORS...

Welcome once again to the plain old Zine Register. Inside you should find the latest details on many more zines and services than last issue. Thanks to everyone who sent me information for the first time this issue. I estimate that the ZR now lists 90% of all North American zines. Let's hope I'll hear from the remaining 10% next time.

More importantly, I hear that the ZR is helping editors attract new players and subscribers. Now that the ZR is being distributed as part of both novice publications (Masters of Deceit and Supernova) as well as gathering a sub-list of its own, I hope the zine will establish itself as the hobby's main reference source.

ZIAMVIA/BARATARIA

Ziamvia and Barataria are two publications, associated with Diplomacy World, which together list games openings for both regular Diplomacy and its variants. After some discussion with Larry Peery, I've decided to do my bit for DW by taking these two lists over and putting them on a regular publishing schedule. After all, since I trade with most zines nowadays, I have a regular supply of information. The deadline for the first issue will be May 30th. I intend to list all openings though, of course, if you don't want your zine's games to be mentioned, I'll leave them out. Unfortunately I can't afford the postage of mailing copies to every editor, so if you want to see the first issue, you'll have to send me an SSAE. However I will enclose a copy of the second issue with the next ZR, so that you can all see what's going on. Ziamvia/Barataria will come out every two months.

TRADES

Of course, if I am going to provide up-to-date information on on game openings, I need to trade with all of you. If you're not trading with me, or just sending me a sample copy every now and then, I would urge you to trade with the ZR on an all-for-all basis. Not only do your trades give me the necessary information to list you in the Zine Register and Ziamvia/Barataria, but they also are sent out to prospective subscribers via the Zine Bank. You can't say you don't get your money's worth...

Speaking of trades, if you want to send a few issues to Elmer Hinton's Granite Archives, you can send them to me for forwarding. In return Elmer will send the Zine Bank any duplicates he receives.

WHAT'S WRONG WITH THE NORTH AMERICAN HOBBY?

Out of interest I compared the number of zines listed in the ZR with the British zines listed in Zine With No Name.

	<u>North America</u>	<u>Great Britain</u>
Diplomacy Zines	53	55
Non-Diplomacy Zines	11	12
Total	64	67

These are pretty damning statistics when you consider that the population of N. America is five times that of Britain and that the hobby started in the US eight years before it spread to the UK. Comments anyone?

HOW TO READ THE ZINE REGISTER

This is how a typical entry is laid out:

THE ZINE'S NAME: to whom you should send your subscription checks where the above person lives

the cost of the zine, the format, the method of printing, the page count, the frequency (approximately - these things vary!), the # of the latest issue and when it was published, the circulation of the zine.

A list of postal games already being run in the zine

A list of open games, ie ones requiring new players

A description of the zine. Most of these will be fairly interesting and bearing the editor's initials. The boring ones will have no doubt been written by me and will end with my initials: SCB.

DIDNTANYONENOTICETHESECRETCOMMUNISTSPYMESSAGEHIDDENINTHELASTISSUE?EH?I

If you're interested in subscribing to a few zine, don't just send the editor \$5 straight away. First be certain that the zine is still in publication and accepting new subscribers. Most editors will be happy to send you a sample copy of their zine in return for the cost of an issue in 22¢ stamps. (Editors can always use stamps...)

Alternatively you could send \$2 and a large (preferably 'business' size) envelope to receive a selection of zines from the North American Zine Bank. This is a fairly new hooby service run by myself: Simon Billenness, 61A Park Avenue, Albany, NY 12202. I don't have spare copies of every zine published but I'll do my best.

On with the ~~meat~~ tofu of the zine...well, what do you expect from a vegetarian?

Electronic Publication, 5 or 6 pages, weekly, #156 (January)
circ. 30-50

Runs: Diplomacy(7)
Openings: Diplomacy

The Armchair Diplomat is the home of Play-By-Electronic-Mail Diplomacy on the Compuserve Information Service Network. Games are played via electronic mail and public message service on the CompuServe network. Game turns are usually every two weeks and the average game lasts about six months. Correspondence between players is transmitted instantly (no more waiting on the mailman) and is absolutely confidential. Orders are transmitted directly to the GM and are posted in The Armchair Diplomat within 72 hours of the adjudication. Many players feel, as I do, that PBEM is the ideal way to play Dip. Inquiries to the editor are welcome! KH

This is a "quasi-szine" which is free for the asking. It ostensibly exists to run a single game of Diplomacy though recent issues have been principally concerned with the musical merits of such groups as the Replacements, the Pogues and the Bongos. The szine is produced on a really flashy Xerox 9700 laser printer. SCB

Runs: variant "S.P.Q.R." game #2

Openings: standbys welcome

Bread & Circuses presents "S.P.Q.R.", a new game created by Michael Mills. "Senatus Populusque Romanus" is the banner under which your Imperial Legions march as you compete for power in the year 191AD. Conspiracy and diplomacy are the rule: at your disposal are legions, fleets, and barbarians, gold and silver, Senate votes even written treaties to hold your allies to their promises. Feed your provinces, conquer your neighbors, control the Senate, and have yourself named Roman Emperor..... "S.P.Q.R." takes Diplomacy into a vast new realm of competition! CA

\$10/year, reduced xerox, 12 pages, irregular, #1(January)

Openings: Diplomacy

BST is a zine devoted to games and other amusements. The first issue contained a wealth of well-written articles on such subjects as roleplaying, casseroles, baseball, euchre, comics, lust and Robert Heinlein. With only one opening (so far), the zine is obviously intended as a reading zine rather than a gamezine. SCB

BUSHWACKER: Fred C. Davis Jr. *****

Runs: Third Reich(9), Source of the Nile, War & Peace, En Garde

Openings: Third Reich, En Garde, Source of the Nile

No zine devotes as much attention to Third Reich as TBB. It's En Garde houserules expand on that fine game and have served as a model for other zines. Although TBB isn't really part of the Diplomacy crowd, it stays in touch and boasts a loyal following of its own. SCB

Openings: Diplomacy, Gunboat, Anarchy, Stonehenge, Cline 9

TCD is a zine devoted to the playing of Diplomacy and its variants.
There is a little sports and politics but the heart of the zine is
its games which are well run and full of press. SCB

CATHY'S RAMBLINGS: Cathy Ozog *****
1526 N. Lawler Avenue, Chicago, IL 60651

6 weeks, #20 (March)

Runs: Orknaire (FRP campaign), Paranoia (more FRP), Diplomacy(4),
International Diplomacy, Gunboat(3), Bourse
Openings: Paranoia, Diplomacy standbys

CR is a very "personal" zine in that Cathy usually writes something about
herself, just like editors do in most British zines. CR is one of the
world's most transatlantic zines with players from all over North
America and Britain and a truly international letter column. SCB

CHEESECAKE: Andy Lischett *****

Harumph! Not enough room. See over the page...

COSTAGUANA: continued...

COSTAGUANA was established in 1965 and is thus second only to GRAUSTARK as the hobby's oldest 'zine. It prints games on schedule, encourages press, and includes a wide variety of 'filler' material (not often related to Diplomacy). The entire focus is friendliness, fun and foolish behaviour. If you subscribe or play, it is also earnestly hoped that you will contribute: articles, anecdotes, letters, and 'fun' oddments. COSTAGUANA also exists to help out the hobby in the event games are orphaned. But, fair warning: There is one subject (and one only) that COSTAGUANA flatly will not tolerate...hobby feuds. If that's your interest, please do not write. CvM

DIPLOMACY DIGEST: Mark Berch *****
492 Naylor Place, Alexandria, VA 22304

\$4.50/10 issues, (\$2/5 issues Europe), digest, xerox, 12 pages, monthly, #97 (February), circ. 99

DD has never run any games. Instead it contains a whole wealth of articles (usually reprinted) about the strategy & tactics of Diplomacy and the postal hobby as a whole, as well as up to date hobby news. It's certainly a very useful publication for anyone who wants to find out more about the hobby. SCB

DIPLOMACY WORLD: Larry Peery *****
Box 8416, San Diego, CA 92102-0416

\$12/year (Canada/\$14, Europe/\$16), digest, xerox, 50 pages, quarterly, #41 (Winter '86)

DW is currently enjoying an impressive new lease of life after having been taken in hand by Larry Peery, its energetic and talented new publisher and general editor. It is a quarterly service publication dealing with the game of Diplomacy, which publishes a wide variety of original material. It's an essential purchase for any North American Diplomacy player. The latest issue contained numerous special reports which brought the page count to a massive 107 or so! SCB

Runs: Diplomacy(8), World War IIb, Gunboat, Trivial Pursuit
Openings: Diplomacy, Gunboat, Anarchy

The Diplomat is a very punctual game orientated magazine. All Diplomacy games are computer adjudicated and include game maps. TD was placed 9th in the 1984 Runestone Poll and I placed 10th in the GM Poll. It features a very few articles, some contests and cartoons, but it is not for those who want reading material. DK

THE DRAGON'S LAIR: Stephen Wilcox (editor), Pete Gaughan (publisher) **
5300 W. Gulf Bank #103, Houston, Texas 77088 (Stephen)
3121 E. Park Row #165, Arlington, Texas 76010 (Pete)

75¢, open page, xerox, 12 pages, quarterly, #6 (Winter)

TDL has undergone a reorganisation. Stephen will continue to update the ratings and receive the trades, whilst Pete will type and publish the zine as well as receiving the subscriptions. The zine houses the DragonsTooth Rating System, the standby rating system, and a system combining the two: a total of over 700 listings. Also, in each issue appears a chart showing the number of wins, draws, survivals, and eliminations by country showing their relative strengths, and a list of the top five players for each country. A letter column appears in most issues discussing anything related to rating systems in general. A useful tool in sizing up your opponents. SW & SCB

Runs: Diplomacy(3) plus subzine games
Openings: standbys only

Gary has been reassessing the amount of time he spends on the hobby, and, as a result, EE will be smaller and less frequent in future. EE's purpose remains to act as a bridge bringing together the North American and European hobbies. The zine features a truly international letter column with contributions from Canadians, Americans and Europeans. It also currently runs a day-to-day chronology of World War One, upon which our game Diplomacy was based. Were you ever in Iceland? If you write and tell Gary of your experiences there, you could win free EEs or even issues of another zine. CG & SCB

XL was to be produced for the benefit of its editor, however said editor has recently discovered that said benefits are not monetary. Unfortunately an uncanny quirk of fate put XL high on the '85 Runestone Poll list, with 41 out of 42 votes 6 or higher. Said editor is now attempting to convince the mugwump who voted XL a '2' to reveal himself, so that others may follow his example. BM

12 teams in the league

Runs: Jake Halverstadt's "Gonzo Baseball"
Openings: Inquire now about the 1987 season

Gonzo Baseball, like Gonzo Football, allows to own and manage your own professional team. You draft your own line-up of major league players and match them against other teams in the league. Each players real-life performance in the field, at the plate, and on the mound is counted for his Gonzo team. Games are played every Saturday during the baseball season, culminating with a Gonzo Series in September. Cash prizes for the top three teams! CA

THE GONZO REPORT: Kevin Stone *****
23 Cherry Place, Staten Island, NY 10314

\$15/season, open page, xerox, 2 pages, weekly during football season, Vol II #14 (December), circ. 8

The Gonzo Report has been a vehicle of the Gonzo Football League. The GFL, an invention of Jake Halverstadt, allows players to own and manage a professional football franchise. Each owner drafts a team of NFL players, makes trades, signs and waives players and sets a weekly lineup. Weekly game results are based on the actual performance of NFL players. The GFL ran 16 teams in two sections, with each section champion receiving \$50. The GFL will continue next year, but the status of the Gonzo Report remains questionable. KS

Kathy's Kornor/Whitestonia is a zine comprised of 4 subzines. Since Kathy's Kornor is the main portion of the entire zine, this zine is not recommended for those without a sense of humor. KK is insanity at its finest, along with GMing discussions, sports discussions (esp. Mets) and any useful trash my subbers send in. A total of 5 games is run between all the sub zines. There are currently no game openings. Our sub list is closed as we try to keep it down. KB

Besides, since D&D players are supposed to be able to cast spells (ever see 60 MINUTES?), LOM is planning to use the DOCTOR WHO RPG to construct a TARDIS and travel back to 1961 in order to start a PBM DIPLOMACY game before John Boardman comes up with the idea. FOLDED!

This zine is dedicated to the proposition that variety is the spice of life (with a few exceptions). As such, it majors (heavily) on variants (called deviants by some). Unfortunately, Mark needs to cut down on the time he spends on the hobby, so the zine will continue in a games-only "warehouse" format. MC

NFA is particularly noted for its humour and its lively letter columns. Steve is one of the hobby's most talented writers, producing a zine which often has me laughing out loud. NFA is also noted for its subzine: 12 Pages of Homosexual Crap, which is specifically written for born-again... SCB

Openings: Diplomacy, Game from Ipanema

The Not New York nightmare continues. Nonoos are earned and counted up and the Nothead of '85 went to Steve Courtemanche. However he's got some competition for the '86 award. There's Kevin Tighe's movie reviews (of films that I wish I could see) and Craig Wisecup with his silly fictions about Nonoos and noo-a-holics. Of course, silliness is important business here at the NNY corporate headquarters and for that reason we reward all sorts of silly people for the silly things they do. to increase the silliness, Mike Lee will be checking in with something called Club Voltaire - should be fun. Essayez quelque chose d'exotique (et de rare), abonnez-vous à un zine canadien-français (qui est publié au Manitoba)! CG

Politesse, the monthly publication of the Washington Area Retinue of (Tacitly) Highly-Organized Gamesters, is of, by and for the mid-Atlantic local gaming community - most particularly in the Baltimore/Washington area. The core of Politesse is the Havagame (which announces upcoming gaming meets) and Hadagame (which reports on..... well, you catch my drift) sections, but it contains plenty of other diversions, including the postal (although mainly local) Dip games, guest GMed by Jeff Close in his section, the Diplomat-Times, the latest intrigues in the WARTHOG bureaucracy, reports on services and goings on in the postal hooby, reports on preparations for Dipcon/Marycon '86 in Fredericksburg, Virginia and chat by yours truly and Ed wrobel. HOBBY SERVICES

There are many worthwhile and valuable services provided by individual hobby members. These are provided by dedicated, enthusiastic and altruistic people and operated on strict loss-making basis (like the Zine Register). All you asked to do is use and enjoy them.

Masters of Deceit: Steve Arnawoodian *****
602 Hemlock Circle, Lansdale, PA 19446

This costs \$1 and it contains a wide variety of articles of special interest to newcomers to the hobby. Writers include Bob Olsen, Kathy Byrne, Ed Wrobel, Tom Hurst, Tom Swider and many others. An invaluable publication for the novice.

Supernova: Bruce Linsey *****
73 Ashuelot Street, Apt. 3, Dalton, MA 01226

A Word To The Wise: W. Elmer Hinton *****
20 Almont Street, Nashua, NH 03060

This is a novice handbook and is best described in a review by Lu Henry: "New (and old) Dip players would be well advised to invest \$2.00 for ... a well done 21 page article ... explaining many of the nuts and bolts matters relating to postal Dip that have nothing to do with strategy and tactics but which you have to know to play the game well."

Black & Blue Book: Larry Peery *****
Box 8416, San Diego, CA 92102

For \$5 (inclusive of postage) you can receive this monster (128 page!) list of hobby members, zines, services and conventions. A useful publication if you want to find some gamers who live near you.

Zine Bank: Simon Billenness *****
61A Park Avenue, Albany, NY 12202

Do you want to receive a whole wodge of zines listed in the Zine Register? If you do, then just send me a large "business size" envelope and \$2 to cover postage and in return I'll send you as many zines as I can force into the envelope. I don't have copies of every zine but I'll do my best!

Ziamvia /Barataria: Simon Billenness *****
61A Park Avenue, Albany, NY 12202

These are lists of game openings for Diplomacy and its variants. This service is associated with Diplomacy World. The listings will be updated at least every two months and both are available for just an SSAE.

Known Game Openings: Robert Sacks *****
4861 Broadway 5-V, New York, NY 10034

Of course for a mere 22¢, you could try another listing. KG0 is an independent hobby service, continuously published since 1974. It includes multi-player diplomatic play-by-mail games with information no more than 3 months old.

North American Variant Bank: Fred Davis *****
1427 Clairidge Road, Baltimore, MD 21207

There exist many variants of the game Diplomacy, many of which are played postally. If you want to find out more about this fascinating section of the hobby, then contact Fred.

Postal Locator: W. Elmer Hinton *****
20 Almont Street, Nashua, NH 03060

This is a split listing of players who wish games; one, the Postal Player Locator, is a new-game wanted list of players who want gamestarts; the Postal Standby Locator is a list of those willing to take standby positions. Invaluable for the GM who needs standbys, or the new gamer who wants the serious GMs to come to him. There's no cost to get on the lists. Published monthly in Foundation.

Boardman Number Custodian: Bill Quinn *****
301 Conroe Drive, Conroe, TX 77301

The job of the BNC is to list Diplomacy gamestarts and finishes. The lists are published in Everything along with news about the service and discussions. It costs between 50¢ and \$1 a copy.

Miller Number Custodian: Lee Kendter *****
4347 Benner Street, Philadelphia, PA 19135

The job of the MNC is to list Diplomacy variant gamestarts and finishes. The lists are published in Alpha & Omega which costs 5¢ per page plus postage and is only published when there is enough material to warrant it.

There is an attempt to install another Miller Number Custodian, who goes under the pseudonym of Karel Alaric. At present there is very little support for this alternative MNC. If you want to find out more about this then write to Karel c/o Robert Sacks, 4861 Broadway 5-V, New York, NY 10034, enclosing a 22¢ stamp for the publication Lord of Hosts.

Granite Archives: W. Elmer Hinton *****
20 Almont Street, Nashua, NH 03060

The last public-postal Archive; desires universal trades and any unwanted zines (excess duplicates to be sent to the Zine Bank), and any closing collections. The Archivist (who has had professional archival experience) will locate and copy information on request on games, players, zines etc. for minimal costs. Goal at present: a complete set (or near enough) from 1977 to present; all zines, flyers, newsletters of postal gaming. For details ask for the Granite Archives house organ, Foundation from the above address.

US Orphan Service: Jim-Bob Burgess *****
100 Holden Street, Providence, RI 02908

Sometimes a zine which you're playing in will stop publishing without warning. If this happens then your games have been orphaned. If you want to continue your game then contact the Orphan Service. They will do their best to find your game a new parent zine, and they may be able to help to get your subscription money back.

Ombudsman Service System: John Caruso *****
29-10 164th Street, Flushing, NY 11358

John Caruso holds a list of names of people who have volunteered to act as mediator (ombudsman) for disputes between GM/player as well as between hobbyists. If you have a problem, you'd like to have resolved, contact John Caruso for his help.

Feud Number Custodian: Chris Carrier #####
1215 P Street 12, Sacramento, CA 95814

The FNC tracks the various feuds between hobby members for the fun of it, and publishes findings and results in The MegaDiplomat, the FNC custodial zine. Registering a feud is free. Feuds are ranked on a scale of 10. If you know of a feud or a zine catering to feud material, please let the FNC know about it.

EUROPEAN ZINES

Europe easily boasts as many zines as North America, if not more. Since Europe, as a whole, is much more efficient at recruiting new blood than America, then Britain, and especially the Continent, should be regarded as the hobby's principal growth area.

Sadly, transatlantic contact is still relatively small. This is a shame since there are many zines on both sides of the Atlantic which have openings for international gamers. If you want to subscribe to a foreign zine, then check out:

THE INTERNATIONAL SUBSCRIPTION EXCHANGE

Here's how it works. If you're American and you want to sub to the British zine C'est Magnifique..., then simply send Steve Knight a check for, say, \$5. Make sure you tell him which zine the money is for and whether you want to receive the zine by air or seamail. (Airmail is fast (3-10 days) but expensive. Seamail is not all that much more than domestic postage but letters take over a month). Steve will then inform Doug Rowling of your request and Doug will send the editor concerned the equivalent in pounds sterling. The service is fairly quick and it certainly saves you wasting money for converting dollars at banks.

If you're British then simply send a few pounds to Doug Rowling. If you live in Canada, you should contact Bruce McIntyre.

USA: Steve Knight, 2732 Grand Ave. S., #302, Minneapolis, MN 55408
UK: Doug Rowling, 228 Kinnell Ave., Cardonald, Glasgow, G52 3RU
Canada: Bruce McIntyre, 6191 Winch St, Burnaby BC, V5B 2L4 Canada

Note: the following sections are far from exhaustive. They are merely included to give you a brief overview of some of the more transatlanticist European zines. If you want a full listing, then get Zine With No Name (details at the end of the section).

Runs: Diplomacy(4), Abstraction, Rather Silly

Openings: Diplomacy, Superbourse, International Diplomacy

C'est Mag is a very reliable publication produced by the British Miller Number custodian. (And, yes, you've guessed it, Britain is currently clocking up more variant gamestarts than the US...) Peter is starting to branch out into the international hobby and is looking for players for a 6 week deadline Diplomacy variant. The zine also hosts that roving international subzine Bahnhof Zoo.

Denver Glont: Glover Rogerson *****
31 Cornwall Road, Bishopston, Bristol, BS7 8LJ

Runs: Diplomacy(5), Downfall(5), Excalibur, 1066, Vain Rats, Milan(3), MAD, Cline, Imperator, Blitzkrieg, Touchdown!

Openings: Downfall, Milan, Suvorov

DENVER GLONT: continued...

Denver is one of Britain's top gamezines, running a large number of games to regular deadlines. Glover is also one of Britain's most entertaining and anarchic writers, though pressure from the zine's large gameload does seem to have curtailed Glover's fascinating essays and the letter column. The zine also boasts a large subzine: Heimskringla, from John Norris, once a prolific games player, now a highly productive postal game designer. SCB

DIVERSIONS/MONOCROME: Rip Gooch/Robin ap Cynan *****

Runs: Railway Rivals(18), Maneater(3), 1829(3), Grab For Africa(4)
1828

Openings: Railway Rivals, Maneater, 1829

Diversions and Monochrome are companion zines. The former is packed full of all sorts of interesting postal games you won't find in American zines, and it is free to players who pay a £2 gamefee. The latter is free to confirmed elitists only. The entire package "combines elitist chat with an efficient and regular games service." SCB

THE FIVE YEAR PLAN: Denis Jones *****

Openings: Diplomacy, Downfall, GLC Battleground Dip, Nuclear Dip, Sopwith, Warlock, Music Biz, Chess, Election X, Charades, United standbys

This is a chat/games zine with a youngish readership (and editor). The writing style is ungrammatical, occasionally unintelligible and concentrates on the interesting events in the editor's life, obscure music, humour and an anarchistic attitude to life. Silly games are of interest to the editor, who is probably the only person alive who would consider running international Rather Silly Diplomacy. DJ

GAZFINC: Richard Bairstow *****
20 Queen's Drive, Guildford, Surrey, GU2 6PP

Runs: Railway Rivals(3), Diplomacy(7), Maneater, Stab, Formula One, Sopwith(3), 4000AD, Chess

Openings: Diplomacy, Railway Rivals, Sopwith, Maneater, Finchley Central

The running of a wide variety of games, designed also to appeal to the non-player, is a priority for this popular zine. The editor is also the clearing house for all UK hobby enquiries (particularly Diplomacy) and maintains a close relationship with the game's manufacturers. News of developments in this area form a regular part of the zine. RB

GREATEST HITS: Pete Birks *****

Openings: Diplomacy, Geophysical, Railway Rivals, Bourse,
Football League Almanack

GH is the hardy perennial of the British zine scene. Three times
winner of the Zine Poll, GH has always been regarded as a top notch
zine. Pete's writing should appeal to those in the US since he has
a deep interest in America. SCB

HOPSCOTCH: Alan Parr *****

Clapped out and long past its prime - just like its editor. While
several Americans do receive the zine, others are warned that
Hopscotch really isn't worth the trouble and expense of getting it
to you. You have been warned! AP

JUNK MAIL: Bryan Betts *****

25p + postage, digest, offset, 28 pages, 8 weeks, #3 (January)

Runs: En Garde, Judge Dredd, Baseball Wars

Openings: En Garde

This is primarily a chat and more wordy games zine. It also
includes a letter column and other features - reviews of music,
films, books, zines, games or whatever, articles, news, rules
for new games etc - as long as I (or anyone else) can find time
or energy! The Judge Dredd and Baseball Wars are both run by
external GMS as (sort-of) subzines. BB

MAD POLICY: Richard Walkerdine *****

circ. 166

Runs: Diplomacy(9), Bourse, Multimind, Deluge, Railway Rivals

Openings: Diplomacy, Jotto and another variant

MP is fairly small, rather conservative, devastatingly regular and
is always impeccably GMed. It's one of the best zines for news
about the British hobby and it will soon be running a few reviews
of US zines written by somebody called Simon Billenness... SCB

MASTERS OF THE PRIME: Bryan Betts *****

Runs: Diplomacy(2), Elitist, Excalibur, Downfall(2), Mercator,

Openings: Diplomacy, Sand, Deluge, Judge Dredd, Gunboat

Playing Dip to 4 week deadlines is possible but not ideal for
Americans, hence the offer of Gunboat (to be run British style
ie retreats with orders, builds with Autumn orders etc).
Otherwise, Mopsy is a games zine offering Dip and variants to
fast deadlines. BB

Vain Rats, Parliament, Snits Revenge, Touchdown, Title
Bout, En Garde, Soccerleague, Warlock, Chess, Chronicles,

Morrigan is a very chunky zine which offers the largest number of
game openings in the world. Despite its massive bulk, the
editorial collective seem to be perfectly capable of publishing
it on schedule. The is noted for its totally unserious letter
column and an artist who regularly reveals that he has no talent
at all in drawing female anatomy... SCB

NMR!: Brian Creese *****

Runs: Diplomacy(6), Railway Rivals(3), Sopwith

Openings: Diplomacy, Stab, Railway Rivals

A modest little Diplomacy zine, running a few games as efficiently
as possible, and preceded by a few pages of chat - often politically
based - which varies according to the time available to a grossly
overworked editor. BC

POW is probably the best bet for North Americans who want to play in a British zine. Not only are there plenty of openings for games you won't find in the States, but the deadlines are also long enough apart for you to diplome and send in orders. In addition there is a pleasant chatty letter column and lots of news about the British and Continental hobbies. SCB

VVV aims to provide a reliable service for playing Diplomacy and related games to four week deadlines with a week's turnaround. There is a strong interest in chess among the readership and we have entered a team in the "Postal Chess League". The subzine, Marvin's Bit, is run by Bernard Emblem, another ageing hippy, and is concerned with computers, computer games and the songs of Bob Dylan. BF

The three main aims of W&P are to run games of Diplomacy reliably, to include regularly new and old articles on the play of the game, and to establish international links between players in different countries. A series of overseas correspondents, including Bob O'Donnell, Bruce Linsey and Ulf Jiretorn of Sweden write regularly. Strategy articles from Richard Hucknall, Randolph Smyth and myself also feature. International games are run externally to independent deadlines to provide the most efficient service. Join one of the few British zines actively involved in the international hobby! DC

50p/surface, 80p/air (probably), digest, offset, 28 pages, quarterly, #2 (January), circ. 200+

ZWNN is the European equivalent of the Zine Register. Every three months Martin intends to print a listing of British and Continental postal gaming zines. Every month he hopes to put out a small hobby news bulletin. It's a very worthwhile purchase if you want to find out more about the European hobby. It's certainly a lot more fun to read than the ZR!
